Dadleys Returned—Guests at Mrs.
Morse's—Visited Old House.

The Dadleys have returned from Flor-
ida where they have spent the winter. It
was very cheerful to see the Lake House
again and to have our
visitors at home again.

Guests at Mrs. Lillian Morse's over the
week-end were Mr. and Mrs. Ray Doug-
lass, Mr. and Mrs. Geo. Barker and son,
Mr. and Mrs. George Barker and son,
Mr. Fred Roy, Miss Sylvia Ray and
Miss Mary, all of Portland.

tine and Miss Blanche Young, of
Portland were guests at the home of L.
R. Morse, on Sunday.

on Monday and was a dinner guest at
P. A. Morgan's.

An correspondent recently called at
the home of Frank S. Brown, who lives
at the foot of Poor's Hill, in the town of
Sweden. This house was built one hun-
dred years ago and is a fine type of old
Swedish architecture. It has a five par-
tied front door with fan window and side
light, the old chimneys with seven fire-
places, and beautiful paneled woodwork in
the rooms. The parlor wall paper has
been on the wall for eighty-one years,
and the colors are as bright and the pa-
per looks as fresh as though hung this
morning. There is a beautiful paneled
hallway in this room. A week or so
ago there was a picture of this wall pa-
per in the Sunday Telegram and Mr.
Brown showed his callers the picture and
telling, which gave a history of the
house. Mr. Brown said that a great
many people have called to see the house,
and its ancient wall paper and it is cer-
tainly a very interesting place.

Bass Shoes and Moccasins

For every purpose, for every member of the
family. The most important requirements for foot-
wear are:

- 1st—That they be comfortable.
- 2nd—That they be durable.
- 3rd—That they be correct in style.

Because they are the lightest, most flexible and
most comfortable type of footwear as is possible
to build. Bass Shoes and Moccasins are the last
word in comfort.

Because they are
made from only the
finest quality leather,
Bass Shoes and Moc-

been accepted by
workmen and outdoor

A good lot of the "wild" people attended the pictures in the afternoon, given by the General Mills Co., on scientific poultry raising, which was very interesting.

A good many points of which could be used in a practical way by poultry raisers and of course many things few would have facility for doing.

The pictures shown were taken from a large farm plant and real poultry incubator factory. There were four reels, the last being a cowboy scene on a western ranch, rounding up cattle and horses, and contained many thrilling scenes. A fifteen minute program preceded it, consisting of two piano solos by Mrs. Leah Waterhouse and two readings by Mr. Neil of Mechanic Falls, who also gave two interesting readings in the forenoon meeting.

The Parent-Teacher meeting held at the schoolhouse, Monday evening, May 12, was the last meeting for the year. This was the prize speaking contest. Following is the program of it.
